WEB DESIGN INFORMATION

Thank you for choosing Kelly Photo & Design as your web designer! Please look at the following document and review all the details to determine your satisfaction with the expectations for KPD's web design package.

Payment

Half of the payment is due at the beginning of the project. The other half of the payment is due by two weeks. You may choose to pay in full up front. I will send an invoice with options on how to pay (methods include: check, cash, Venmo, and Pay Pal).

Timing

Most websites take three weeks to design. I will communicate with you throughout the whole process, asking for any content or administrator needs. You will be able to edit your website after my role is finished.

I can rush edit for a $100 charge.

Printing

You have full printing and posting rights after you pay the full investment. Let me know if you are interested in printing services. I offer affordable, hassle-free, and high-resolution printing.

I would be appreciative if you tag Kelly Photo & Design in any social media posts. Please also let me know if you are not comfortable with me posting any of your designs on my social media.
